BLEMISH RESCUE

Skin-Clearing makeup regimen

BLEMISH RESCUE Skin-Clearing makeup regimen is a first-of-its-kind acne treatment makeup collection formulated to calm, clear and cover acne-prone skin, without irritating dryness. The clean formulas deliver confidence-building coverage, plus a blemish-busting mineral blend of zinc, sulfur and kaolin clay that works to mattify skin and purify pores. Naturally derived botanicals help to keep skin hydrated and healthy-looking.

BLEMISH RESCUE
Skin-Clearing makeup regimen

Every product in the collection is non-comedogenic, dermatologist-tested and formulated for all skin types. The collection includes:

BLEMISH RESCUE
ANTI-REDNESS MATTIFYING
PRIMER (\$26):

Lightweight primer smooths and blurs the look of pores, while a sheer green tint helps neutralize the look of redness. Includes chamomile and arnica to help calm and soothe skin's appearance.

BLEMISH RESCUE
LOOSE POWDER FOUNDATION
(\$29):

Medium to full buildable coverage foundation, formulated with clean mineral pigments and 0.5% salicylic acid, plus a moisture mineral complex & oat protein to help hydrate skin. The only full-coverage loose powder foundation with salicylic acid*, clinically shown to clear acne in 3 weeks†.

NEW BLEMISH RESCUE
SPOT CONCEALER (\$22):

Creamy, ultra-blendable, full-coverage concealer flawlessly covers blemishes, redness and imperfections. The non-drying formula is smudge-proof, waterproof, transfer-proof and sweat-resistant, with mushroom stem extract to provide soothing benefits and licorice root extract to help fade the appearance of acne scars.

SEAMLESS BUFFING BRUSH
with Antibacterial Charcoal
(\$28):

Activated Charcoal is infused into each bristle to help repel acne-causing bacteria. The dense, rounded shape lets you build seamless coverage, while a short handle ensures perfect control.

Available at bareMinerals boutiques and bareMinerals.com
Also available at Sephora, Sephora inside JCPenny, and Sephora.com.
